Hannay Reels Sales Policies	19

You Can't Buy A Better Reel.

No matter what your industry, you need cable reels that improve efficiency, productivity, and safety in your operation. We meet these stringent application, installation, and function requirements with the largest model offering and custom design reel options in the industry.

Every Hannay reel is handcrafted from the highest quality materials and designed exclusively for the industry it will be used in – never retrofitted to the job. That means you can trust our rugged, dependable reels to provide perfect fit and function for years to come.

Here's what makes Hannay Reels the #1 choice of OEMs:

- Multi-position roller assembly features dual arms to give maximum support from each side.
- Heavy 14-gauge disc has rolled edges that add rigidity and strength.
- One-piece hub assembly for superior strength.
- Externally mounted spring motor and ratchet pawl lock for the most serviceable reel available.
- Drums are 304-grade stainless steel for maximum corrosion resistance.
- 11-gauge steel modular frame bolts easily to standard footprint patterns.
- Sealed axle bearings provide superior wear and effortless operation.

Mounting Hole Sizes

N Series Reels	7/16" wide x 7/8" long slot running front to back
Pressed Frame Reels and Channel Framed Reels	7/16" wide x 7/8" long slot running left to right
Utility Grounding	7/16" round holes
Series 1500, Static Grounding	13/32" round holes

Series C

**To handle 3/4" through 1" O.D. cable.
For storage only. No live connections.**

- Heavy-duty reels.
- 4-1/2" x 9" (114 mm x 229 mm) opening in the drum.
- Many optional configurations available.
- Gear-driven crank rewind; or chain and sprocket drive powered by electric, compressed air or hydraulic motor.
- Auxiliary crank rewind is available on power reels.
- Crank rewind reels supplied with pinion brake.
- Power rewind standard with a strap brake.
- Consult factory for other brakes and locking devices.
- Rollers and roller mounting brackets are accessory items. Specify roller position.
- Optional divider discs available with a cut-out.
Note: Must add "SDD" at the end of model number and disc location must be specified when ordering.
- Drum diameters other than the standard are available.
Note: Larger drum diameter reduces reel capacity.

Standard configuration shown

Notes:

1. Specifications subject to change.
2. Upon request, reels can be supplied with drum lengths other than shown and with disc sizes in other diameters.
3. Dimensions reflect pressed frames.
4. Weights shown in chart are for crank rewind models. ADD these amounts for power rewind models:

	Net lbs/kg	Ship lbs/kg
Electric	40/18.1	40/18.1
Hydraulic	20/9.1	20/9.1
Air	20/9.1	20/9.1

5. When ordering power rewind models, prefix model number with:

- A** = Air Rewind – Supplied with control valve and 18" air hose.
- EP** = Electric Rewind – (1/2 HP) 12v and 24v DC rewind reels are supplied with switch and solenoid; 115v AC rewind reels are not supplied with switch but can be ordered separately.
- HD** = Hydraulic Rewind – Not supplied with control valve.

6. Be sure to check dimensions and weights prior to ordering.

*** X, Y indicate mounting holes. See page 2.

Series C1500

• Cable • Hose • Rope • Wire

To handle 1/4" through 1" O.D. For storage only. No live connections.

- Reels are designed for storage of long lengths of cable, hose, rope, wire or other materials.
 - A 1-1/8" x 2-3/8" (28 mm x 60 mm) opening in the drum to initiate winding.
 - Direct crank rewind, permanently attached. Removable crank option is available. Also available is a chain and sprocket rewind powered by electric, compressed air or hydraulic motor.
 - Supplied with cam-lock brake on manual rewind models only.
 - Optional divider discs available with a cut-out.
- Note:** Must add "SDD" at the end of model number and disc location must be specified when ordering.
- Rollers and roller mounting brackets are accessory items. Specify roller position.

Optional External Mounting Brackets

Part No. 9906.0027.

Add 2-1/2" to the X dimensions shown in the chart.

Standard configuration with optional slotted divider disc shown

Standard configuration with optional finish shown

- When ordering power rewind models, prefix model number with:

A = Air Rewind –
Supplied with control valve and 18" air hose.

E = Electric Rewind –
12v and 24v DC rewind reels are supplied with switch and solenoid; 115v AC rewind reels are not supplied with switch but can be ordered separately.

HD = Hydraulic Rewind –
Not supplied with control valve.

- Be sure to check dimensions and weights prior to ordering.**

*Dimensional weight applies when shipped as a parcel package (via FedEx or UPS Ground).

*** X, Y indicate mounting holes. See page 2.

Crank rewind shown

Series C3200

• Cable • Hose • Rope • Wire

**To handle 1/2" through 1" O.D.
For storage only. No live connections.**

- A 4-1/2" x 9" (114mm x 229mm) opening in the drum to initiate winding.
- Designed for storage of long lengths of cable, hose, rope, wire or other materials.
- Choose disc rewind or removable direct crank rewind.
- Supplied with spring actuated pin lock.
- Optional divider discs available with a cut-out.
Note: Must add "SDD" at the end of model number and disc location must be specified when ordering.
- Rollers and roller mounting brackets are accessory items. Specify roller position.
- For power rewind, see Series C on page 3.

Optional Aluminum Hand Cart
4300-AL mounting available.

Standard configuration

3. Dimensions reflect pressed frames.
4. Requires 3-1/2" clearance to remove crank handle.
5. Subtract 5" from "F" dimension for disc rewind.
6. **Be sure to check dimensions and weights prior to ordering.**

*** X, Y indicate mounting holes. See page 2.

Series **CR**

• **CR1600** • **ECR1600** • **CR6600** • **ECR6600**

To handle live electric cable.

- 3-conductor, 45-amp, 600-volt collector assembly with #8 gauge wiring.
- Double brushes per circuit. Brushes are copper graphite, copper alloy rings.
- Additional conductors or higher amperage (up to 100 amps) are available at extra cost, must be specified. (300 amps possible with custom design.)
- Silver collector assemblies are available.
- Rollers and roller mounting brackets are accessory items. Specify roller position.

Series **CR1600**

- Removable direct crank rewind.
- Adjustable cam-lock drag brake.

Series **ECR1600***

- Optional strap brake is available.
- Some roller options may prohibit the use of our molded chain guard.

Series **CR6600**

- Gear-driven crank rewind.

Series **ECR6600**

- Chain and sprocket drive powered by electric, compressed air or hydraulic motor.
- Auxiliary rewind and pinion brake standard.
- Consult factory for other brakes.
- Optional chain guards are available upon request.

Optional External Mounting Brackets

Part No. 9906.0025.

Available for CR1600 and ECR1600 models.

Series CR1600–Manual Rewind

Notes:

- Specifications subject to change.
- Upon request, reels can be supplied with drum lengths other than shown and with disc sizes in other diameters.
- Dimensions reflect pressed frames.
- Weights shown in chart are for crank rewind models. Add these amounts for power rewind models:

Series CR1600	Net lbs/kg	Ship lbs/kg
Electric	18/8.2	18/8.2
Hydraulic	15/6.8	15/6.8
Air	15/6.8	15/6.8

Series CR6600	Net lbs/kg	Ship lbs/kg
Electric (1/3 HP)	18/8.2	18/8.2
Electric (1/2 HP)	40/18.1	40/18.1
Hydraulic	20/9.1	20/9.1
Air	20/9.1	20/9.1

- When ordering power rewind models, prefix model number with:

A = Air Rewind –
Supplied with control valve and 18" air hose.

E = Electric Rewind – (1/3 HP)
(Series CR1600 & CR6600)

EP = Electric Rewind – (1/2 HP)
(Series CR6600)
12v and 24v DC rewind reels are supplied with switch and solenoid; 115v AC rewind reels are not supplied with switch but can be ordered separately.

HD = Hydraulic Rewind –
Not supplied with control valve.

- Add 2-1/8" to "A" dimension when using external mounting brackets on CR1600, ECR1600 Series reels.

- When ordering reels with a 4-conductor, add 2" to "F" dimensions.

- Be sure to check dimensions and weights prior to ordering.**

* Dimensional weight applies when shipped as a parcel package (via FedEx or UPS Ground).

***X, Y indicate mounting holes. See page 2.

Series CR1600 (Manual Rewind)

Series ECR1600 (Power Rewind)

Series ECR6600 (Power Rewind)

Series **NSCR700/SCR700**

To handle live electric cable.

- Heavy-duty spring motor.
- Non-sparking ratchet.
- Declutching arbor.
- Consult factory for constant tension applications.
- 3-conductor, 45-amp, 600-volt collector assembly with #8 gauge wiring.
- Double brushes per circuit. Brushes are copper graphite with copper alloy rings.
- Additional conductors or higher amperage (up to 300-amps) available; consult factory.
- Silver collector available.
- Supplied with a 4-way roller assembly. Roller position must be specified.
- A cable stop should be used.
- For vertical lift, stretch, and/or crane installation, consult factory for proper spring specifications.

Optional Swivel Mounting Bracket

Part No. 9908.9990.

For **N-Series** spring retractable reels, available as a kit. Conditions apply, consult factory.

Series NSCR700

Series SCR700

Notes:

- Specifications subject to change.
- For reels with 4-conductor, 45-amp collector assemblies, add 2" to "F" dimension.
- Reel models and capacities shown are for standard drag applications; for heavy-duty or vertical lift applications, consult factory.
- Other sizes from standard components available upon request.
- Be sure to check dimensions and weights prior to ordering.**
- Roller assembly is supplied on standard models.

***X, Y indicate mounting holes. See page 2.

Available Roller Positions

SR (STD)

VR (OPT)

TR (OPT)

TR (Wallmount)

Model **SCR10-17-19**

To handle live electric cable.

- Heavy-duty spring motor.
- Non-sparking ratchet assembly.
- Declutching arbor.
- 3-conductor, 30-amp collector ring.
- 6 foot power source lead with 15-amp, 3-prong straight blade plug (optional twist lock is available).
- Cable stop should be used.

Optional Roller Mounting Bracket
Part No. 9939.0004

Model **LC16-10-11** Series **CR**

Model LC16-10-11 (Storage)

- Waterproof duplex receptacle for 3-pronged plug.
- Twist lock duplex is available.
- Adjustable cam-lock drag brake.
- Equipped with one durable rubber twist tie for cable ends.

Series CR (Live)

- Compact, lightweight, rugged construction.
- 3-conductor, 30-amp collector ring.
- 6 foot power source lead with 15-amp, 3-prong straight blade plug (optional twist lock is available).
- Adjustable cam-lock drag brake.

Rewind:

- Crank rewind permanent.

LC16-10-11

- Extension Cord
- Broadcast Cable

Series CR

- Industrial
- Broadcast
- Agricultural
- Fire and Rescue

LC16-10-11 includes one durable rubber twist tie for cable ends.

Part No. 9949.0082

Series CR

Optional 15-amp, 3-prong straight blade receptacle recessed in drum.
Part No. 9955.0090.

Model **C16-10-11/C20-14-16**

• Broadcast Cable • Extension Cord • Rope • Forestry Fire Hose

No live connections.

Model C16-10-11

- Small, lightweight, durable.
- Adjustable cam-lock drag brake.
- Optional storage drum extension.
- One durable rubber twist tie for cable ends. "DE" models equipped with two ties.

Model C20-14-16

- Strong, portable.
- Adjustable cam-lock drag brake.
- Permanent crank rewind.
- Optional pin lock available.
- Optional storage drum extension.
- One durable rubber twist tie for cable ends. "DE" models equipped with two ties.

Model **AT1300/4300**

• **Industrial Maintenance** • **Broadcast** • **Construction** • **Agriculture** • **Grounds Maintenance**

Model AT1300

- Removable direct crank rewind reel.
- Adjustable cam-lock drag brake.
- 3-conductor, 45-amp collector ring is standard.
- 6 foot power source lead of 10/3 cable.
- 15-amp, 3-prong straight blade (optional twist lock is available).
- Additional conductors available; consult factory.
- Direct offset rewind crank.

Aluminum Hand Truck

Model 4300-AL

Part No. 9906.0795

For portability of hose and cable reels.

- Large pneumatic tires.
- Reel permanently attached.
- Overall dimensions will vary according to the reel model used.
- Hand truck, axle, and wheels shipped separately for customer installation. Specify if reel axis is perpendicular or parallel to truck axle.

Model AT1300

Assembled 4300-AL truck with reel attached

Custom Engineering

Custom spools and reels for cable handling and storage can be built in an almost limitless range of sizes and with a wide variety of special features, such as divider discs, slotted discs, casters, etc. All rewind mechanisms described in this catalog can be specified for custom-built reels. To meet special requirements, motors used to power chain and sprocket rewind mechanisms can be mounted off the reel or within the reel frame.

Spools include the discs, tie-rods and spacers, and the drum. Since discs are inventoried in a range of standard diameters, and drum lengths can be adjusted, spools can be supplied to accommodate a wide range of cable sizes and lengths.

Orders and quotations:

See Cable Reel Spec Worksheet on page 19 to supply proper information for orders or quotations.

Requests for quotations for custom reels and spools should include:

- Complete specifications on cable size, length, and weight.
- O.D. and bending radius of cable.
- Number of conductors, voltage, and amperage.
- Type of rewind mechanism, including available power for electric, hydraulic or air rewind motors.
- Complete description of how reel is to be installed and used.
- Specification of any accessories.

Static Grounding Reels

- Aircraft Refueling • Chemical Plants • Grain Elevators
- Rescue and HazMat Operations

WARNING

These reels are for static grounding ONLY.
NOT intended for lightning protection!

For refueling or hazardous areas.

- These reels bond and/or ground aircraft, fuel trucks, and other equipment.
- Provide smooth operation and require minimum cable pull.
- Declutching arbor and adjustable guide arm with cable guide.
- Optional stainless steel construction of spool, frame, and ratchet system available on HGR Series.
- Standard finish is oven-cured enamel.
- Also available, manual rewind version.

Model HGR50
(Shown with optional "Y" branch)

Model SSHGR50
(Optional unpolished stainless steel HGR50)

Model MHGR50

Model HGR100

Model MHGR100

Model GR75

Model MGR75

All reels shown with optional PCC cable and clamp.

Series GR/HGR

- Aircraft Refueling • Chemical Plants
- Grain Elevators • Rescue and HazMat Operations

- Available with 1/8", 7 x 19 galvanized carbon steel cable.
- 100-amp Alligator clamp.
- Stainless steel or plastic-covered cable and "Y" branches are available at an additional charge.
- Cable guide arm of cast aluminum and ZA-12 aluminum zinc alloy.

Series GR75

- Sealed spring is a good economical choice that's compact and lightweight.

Series HGR

- A non-sparking ratchet assembly.
- Reels are repairable and parts are readily available.
- Supplied with 18" long grounding strap with eyelet connectors on both ends.

Parts Drawings: HGR Series – ISO 10 and MHGR Series – ISO 234

Optional Browne Clamp
(ALS-10)
Part No. 9951.0031

Optional Grounding Jack
per MIL-C-8341D/4
Part No. 9951.0033

Notes:

1. Specifications subject to change.
2. When ordering, specify model number, gauge, O.D., length, and coating if required.
3. Specify "Y" branch if required.
4. **Finish:** Refer to page 2.

*Reels can be shipped as a parcel package (via FedEx or UPS Ground).

*** X, Y indicate mounting holes. See page 2.

† Capacities shown are for PCC (plastic coated cable). Capacities may be higher for uncoated cable; consult factory.

Model GR75/MGR75 – GR75 shown

Model HGR50/HGR100/MHGR50 – HGR shown

Utility Grounding Reels

- Construction Vehicles • Utility Vehicles
- Maintenance Vehicles • Rescue and HazMat Operations

Truck grounding reels.

- Easy cable pay-out.
- Quick and convenient rewind gets you back in service fast.
- Heavy-duty steel construction stands up to demanding field use.
- Direct access to lube rotary ground device.
- Serviceable pawl and pin assembly.
- Easily greaseable Zerk fitting.
- Independently tested to 43 kA for 30 cycles.¹
- Bolt-down design.
- Manual or automatic spring rewind available.
- Helps meet OSHA requirements for vehicle grounding.²
- Supplied with or without optional cable and clamp.

¹ Although Hannay SGCR and GCR Series grounding reels are rated to 43 kA for 30 cycles (the maximum fault current rating for 4/0 cable), the size and spring pull force of the reel effectively limits use of these reels to 2/0 cable and smaller. 2/0 cable has a maximum fault current rating of 27 kA. Please refer to ASTM 855-90 (Standard Specification for Temporary Grounding Systems) for more information.

² OSHA Subpart V, Section 1926.952, requires grounding of vehicles working near energized lines or equipment. Hannay grounding reels help meet this requirement and encourage crew compliance by providing a simple, efficient method of handling heavy grounding cable.

Model SGCR 10-17-19

Spring Rewind Grounding Reel

- Fast, convenient automatic spring rewind.
- A ratchet mechanism locks the reel.
- Built-in cable hoop.
- Internal rotary device.

Model SGCR 10-17-19

Spring rewind
Standard configuration shown

Model GCR 10-17-19

Manual Rewind Grounding Reel

- Offers manual rewind with a hand crank permanently attached to the disc.
- Internal rotary device.

Model GCR 10-17-19

Manual rewind
Standard configuration shown

Model GC 10-17-19

Manual Storage Reel (Not Shown)

- Storage only.
- Manual rewind with a hand crank permanently attached to the disc.

Hannay Reels Sales Policies

Hannay Reels 3-Year Limited Warranty

Products manufactured by Hannay Reels, Inc. ("Hannay") are warranted for 3 years from date of shipment when properly installed, maintained, and operated in accordance with Hannay instructions. In no event will Hannay have a warranty obligation for normal wear and tear, or for products that have, at Hannay's determination, been subjected to accident, abuse, misapplication, improper installation or improper maintenance. Common examples of normal wear and tear would include paint finish, swivel joint seal wear, and switch or motor brush wear.

Hannay makes no warranties, express or implied, other than those included in this warranty statement, and we disclaim any implied warrant of merchantability or fitness for any particular purpose. Hannay will not be liable for any consequential, incidental, or indirect damages from any cause whatsoever.

Failure to use a flexible inlet connection on any live hose reel will void the swivel joint warranty. Failure to use a properly sized circuit breaker with any electric rewind motor will void the electric motor warranty. Failure to use a filter and lubricator on any air rewind motor will void the air motor warranty. Failure to follow all procedures outlined in the Safety Guidelines document will void the warranty.

Components not manufactured by Hannay will be subject to the original manufacturers' warranties. Examples of such components include: hose and cable, motors, speed controls, and switches, swivel joints and seals, slip ring and brush assemblies.

Equipment which proves to be defective upon our inspection will be replaced free of charge, including freight to the customer. Our responsibility ceases upon delivery to any common carrier and we do not, unless previously instructed, insure shipments beyond point of delivery to such carrier. **No material will be accepted for return without a return goods authorization (RGA).** This warranty extends to the replacement or repair of the reel or part (no labor).

Hannay reserves the right to modify or alter materials, dimensions, design, and construction when necessary to improve the performance of the reel and/or accessories, or to meet delivery requirements.

Notice on Reel Finish

Standard finish on Hannay reels is a high performance enamel paint. Standard color is metallic graphite. Other colors available, please consult factory.

Most of the major components on standard reels are e-coated prior to receiving final topcoat paint finish. This combination of e-coat and enamel topcoat will meet the finish requirements of most customer applications and environments.

In cases where requirements cannot be met with the standard finish, Hannay Reels can coat any model reel with an automotive primer, allowing application of final coating at your facility.

Alternatively, Hannay Reels can provide a quote for matching a customer-provided paint specification. For further information, please contact your Hannay Reels sales engineer and a special paint request form will be sent to you.

For environments where no paint finish is suitable, we offer both aluminum and stainless steel (304 grade) construction on most reel models.

Return Goods Policy

All Hannay reels are built to order. These orders are typically placed into production within 1 business day of receipt. Once production begins, it may not be possible to cancel the order.

To prevent returns because the wrong reels or parts were ordered, please use the Hannay Reels Spec Worksheet (either online or from our Ordering & Accessory Guide) when specifying reels. Be sure to include any size, weight, pressure and/or material compatibility limitations for the application.

In the event that an item does need to be returned for credit, repair or replacement, prior approval must be obtained from Hannay Reels. Upon your request, we will send a Return Goods

Authorization (RGA) form. A signed copy of this form must accompany the material when returned to us, with the RGA number clearly showing on the outside of the box—a label is provided to you that you can print and attach. No product will be accepted for return or credit without an authorized RGA number.

All material must be returned prepaid, unless otherwise noted on our RGA. No return will be accepted that has been damaged due to improper return packaging, tampered with or altered from its original condition. Our restocking and handling fee is a minimum of 25% for standard catalog reels and parts. Custom reels specially built to customer specifications cannot be returned for any reason.

Find reels for every need.
